

THE FINAL MEETING

Hiya Comenius friends!

We are: Ala, Julia, Klaudia, Patrycja, Filip and Mateusz - the final group to go on mobility during the Project.

We all worked very hard at school from September

**PETZOW,
GERMANY
JUNE 2014**

about our foreign language speaking skills Petzow adventure was extraordinary, we felt like on a summer camp and we liked it very much. Climbing, swimming, walking at night competing, sightseeing Potsdam and playing on a stage made our stay awesome! It was worth waiting for it!

THANK YOU!

Dear Pocy!

My name is Klaudia, I'm 11. I'm writing to You because I want to tell You how much I liked in Germany. I waited for almost 2 years to go to mobility and meet You. The whole stay was brilliant but the best part was the climbing☺.I loved that although I was a bit scared.

Dear Pocy!

My name is Igor, I am 11. In Comenius Project I went to two mobilities: to England and Turkey. I enjoyed both but England I liked more. I am a big fan of English language and I could practice every day. My top memory is the Chelsea stadium when I saw a football game.

Dear Pocy!

I'm Kacper. I met you three times. In Poland when I hosted two French boys; in England where the stay was spectacular with visiting London and watching a football match and in Turkey where I met Efe. He cried when I was leaving. Comenius is a great adventure for everyone.
